EPBC Species Register Information

- As a condition of the Ministers Approval of the Construction of the South Deposit Tailings Storage Facility at Grange's Savage River Operation, Grange is required to establish an EPBC Species Register on our web site and update monthly.
- EPBC species included in this register are:
 - Tasmanian Wedge-Tailed Eagle
 - Tasmanian Devil
 - Spotted-Tailed Quoll
 - Tasmanian Azure Kingfisher
 - Australian Greyling
- Grange records all sightings of EPBC species at the Savage River Operation even though some of these may be outside of the area relevant to the approved Action.
- From time to time the Register will include relevant incidents including non-EPBC species to assist Grange in the management and protection of EPBC Species.
